## AN HILARIOUS WORDLESS COMEDY SERIES!

In two-minute short episodes, we follow the exploits of a pitiful antihero with a big mustache, who invariably has bad luck on his side. His naivety, selfishness, vanity and clumsiness, make him a charming and universal loser, whether he is a farmer or a pirate, a knight or an astronaut. It always ends wrong for Dickie, to the delight of the viewer. Dickie has no idea how society works. He views our world as an alien. He always starts with the best intentions, but things invariably turn out wrong. Despite his many human shortcomings, we still feel sympathy for Dickie and identify with him, because there is a Dickie in each of us.

## THE LIVE ACTION SHOW BASED ON ROBA'S COMIC BOOKS

Welcome to Boule and Bill's, a lovely house nestled in a charming residential neighborhood which stretches around a small park square with games for little ones and a small shop- the bazaar (where, if we're honest, is quite nondescript) that serves both as a local store and a place of fun. There you can barter, take pottery classes, or buy the local paper. It also hosts a cafe with plenty of regulars and a few arcade games. All around the square, pretty and well-kept streets lead way to two-story family homes. And at the end of one of these quiet little streets sits the most famous house in town. The house of Boule and Bill. These are our two stars, and the spectator will quickly understand why.

2019

When Ninoo, cheeky and spontaneous as a 4 year-old child, picks up the phone, the kids world smashes the adult's universe! Night watchman, IT engineer, daddy's office, mechanic... Brigitte Lecordier, comedian and famous voice of French dubbing (especially in animation) over the past decades, takes a child's voice who might be either a boy or a girl, and calls at random people to solve small issues: «I lost my marble in the bath, I call... the sewer service!», «I can't fall asleep, I need a story telling, I call... the night watchman!», «I don't like the car's steering wheel, I call... the mechanic!». As many situations in which people and professionals answer the kid with kindness and patience, without knowing it is a joke!

Don't do this, don't go there set the table, don't use your fingers to eat, sit up, don't slouch, stand up straight. The list of rules invented by adults is as long as it is useless. "All these rules are designed to waste kids' time!" Of that, Kev is sure! To him, the proof is irrefutable: the adult world is seriously whacko, so why listen to them at all???

Easier said than done when you're only 9 years old, the absolute worst age in life: too old to be a cute little kid, too young to make your own decisions and live the way you want. Until he reaches legal adulthood (the age of freeedom!), Kev will use all the means at his disposal, including his intelligence, his wit, and his overactive imagination to achieve one goal: to be his own boss, to live life his own way.

# SCARY LARRY

SERIES

52x13'

KIDS

2013

Rock 'n' Howl, baby!! Ghoulish teens are making monstrous music in Scream City, Frightsylvania. Larry, the teenage werewolf, and his hobgoblin housemates live for the gigs but are way behind on rent on the rundown mansion. Sound complicated? It gets worse. It gets awwwful. It gets wicked!

Seriously, dude, Shakespeare, eat your heart out. There's Victoria the vampire, charmingly nasty and definitely NOT into Larry. Definitely. Or Frank, aka the experiment gone TOTALLY wrong. He's a cute drummer. It's just that his brain slips out of his skull sometimes. Mummy, though, is a three-thousand-year-old free-spirited teenage genius composer. You have to hear her Concerto for Five Coffins.

Out of this world! Kind of like, Carl. He's a terrifyingly powerful alien who'd rather just look after rabbits and be sweet to people.
